

## ADDENDUM NO. 1

The following addendum is issued to RFP 01-Rolling Stock-2025. Vendors must acknowledge receipt of this addendum on CER 3 and include this acknowledgement in proposals.

<b>RFP Section:</b> IP 2 Proposed Schedule for the Procurement	<b>Page:</b> 3
<b>Complete description of Change</b>  As issued, RFP 01-Rolling Stock-2025 required vendors to make a vehicle available for demonstration the week of February 9 – February 13, 2026. This addendum removes that deadline and instead allows proposers to arrange for agency staff to view vehicles at any point between the Pre-proposal meeting on December 2, 2025, and the due date of the Best and Final Offer.  Proposers may choose to accommodate requests for demonstration by making available demonstration vehicles, arranging for viewing of comparable vehicles currently in service, or at a manufacturing facility.  Proposers should contact <a href="mailto:purchasing@partnc.org">purchasing@partnc.org</a> to schedule these demonstrations.	

There are no other items included in this addendum.
